Supporting Documents:

The screenshot shows a web application interface for an admin. At the top, there's a blue header bar with a back arrow, the text 'Admin', and a notification bell icon with a red '4'. On the left is a sidebar menu with items: 'User List', 'Event Post', 'Booked Events', 'Post Category', 'Authentication', and 'Logout'. The main content area is titled 'Post Event' with a lock icon. It contains a file upload section with 'Choose file' (showing 'No file chosen') and a 'CHOOSE PIC' button. Below this is a text input field for 'category_name' with the value 'Weeding'. There is also a 'URL *' input field. At the bottom is a large blue 'POST' button.

Reason for incomplete work:

No Incomplete Work in this week.

Plans for next week:

Next week , I will do Error handling and still some problem is occurs so we try to understand those problem and try to resole errors.
